

Deposit and Billing Policy

At the end of your consultation, we take a deposit to secure your appointment and start working on your design. Deposit is generally €20 for minimum priced tattoos, €30 on tattoos over €100 and €50 on tattoos over €200. Large-scale designs are usually on hourly rate and deposits are usually agreed by the artist.

Our deposit policy covers changes and cancellations to your design or appointment. Thank you for your cooperation in this as short notice changes to our schedule causes us to lose tattooing and drawing time, when other clients are waiting for availabilities as well. We truly appreciate your understanding.

Deposit Policy

A tattoo deposit is paid after a consultation with an artist to begin work on a tattoo design and to hold a tattoo appointment thereafter. The amount of the deposit is then deducted off the final price.

In signing this agreement, I acknowledge and agree as follows:

All tattoo deposits are **non-refundable**.

For multi-session tattoos, the deposit will be held as payment towards the **last** session of the tattoo.

Upon paying a deposit I acknowledge that I have communicated my tattoo design idea to the artist to my satisfaction, and have reviewed the artist's prior works to decide that the artist can implement my idea to my satisfaction. I understand that creating a tattoo design based on a client's concept is subjective, and that variations may exist between my concept and the finished design. If the finished design is not to my liking, minor changes will be made at the artist's discretion. However, I understand that substantial changes to the design or the request of an entirely new drawing or draft will require a new deposit, and the original deposit will be forfeited as payment for the artist's drawing time.

A deposit will also be **forfeited in full** in the case of:

- I do not appear for a tattoo appointment;
- I cancel or reschedule an appointment without giving at least **48 hours notice**;
- I arrive more than **30 minutes late** to a tattoo appointment;
- I reschedule **3 or more times** for any sessions of the same tattoo, **regardless of notice**;
- I fail to reschedule a new appointment within 30 days of a cancelled appointment;
- I am under the age of 18 years old at the date of the appointment.

Billing Policy

I understand that I will be billed for the amount agreed for or at the artist's current hourly rate, starting at my scheduled appointment time, for all tattooing and tattooing related services, including, but not limited to:

- Time used to edit or resize the tattoo design if needed;
- Time used to apply tattoo stencils to the body;
- Time used to assemble tattoo equipment and open sanitary supplies in front of me, or to replenish necessary supplies during the tattoo session;
- All breaks during the tattoo appointment requested by me;
- Lateness on my part of 1-30 minutes for any reason.
- Any touch-up work needed as a result of negligent aftercare of the tattoo, or any touch-up work requested 6 months or more after the initial application of the tattoo.
